

# TDS Building Blocks for ISSS-ers

Noah Kriger

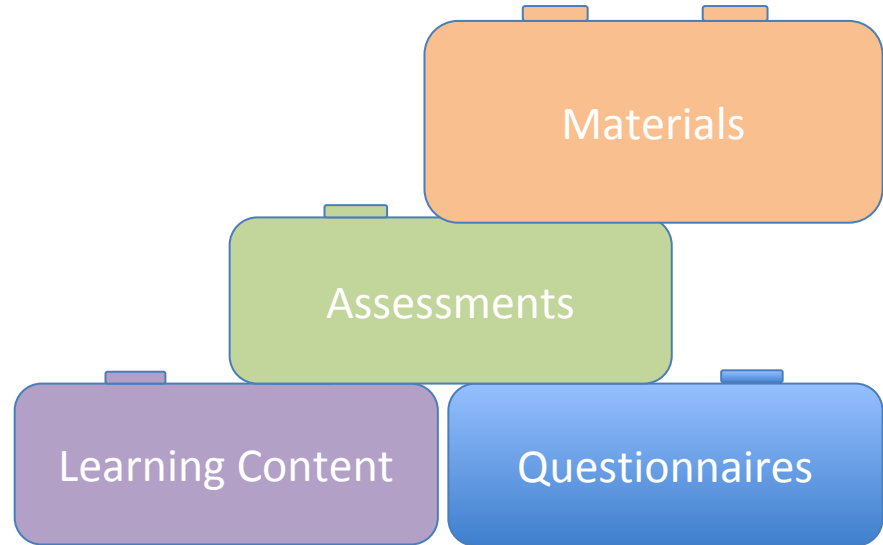

# TDS Building Blocks: Agenda

- Process element basics
- Review of the automapping script
- Functionality of each building block, individually
- Build/Configure each block in TDS
- Review the complete application built in TDS from the student perspective

# Process Elements

- Any part of the your applications for benefit/record updates
  - Learning Content
  - Assessments
  - Questionnaires
  - Materials

# Additional Information about Process Elements

- Instructions available for most process elements (no instructions for learning content)
- No limit to number of process elements
- Not required to have any or all types of process elements

# General Configuration Options

- Deployed by:
  - Program Type
  - User Type/Parameter
  - Phase
  - Term
  - Program/Group
  - Specific Date
- Conditional Submissions
- Copy or Edit

# Automapping Script

- Program Types
  - F-M Visa
  - J Visa
  - Program Enrollment
- Program Names
  - Academic Objective (F-M) and (J)
  - Curricular Practical Training (CPT) (F-M)
  - Program Extension (F-M)
- Question Items and Questionnaires mapped to SEVIS Module

# Learning Content

- Information you want your students/scholars to know about the process/application
- WYSIWYG editor allows for:
  - Video
  - Images
  - Text
- Mark as read

Process Admin > Learning Content

# Assessments

- Multiple choice quiz
- Allows for:
  - Video
  - Images
  - Links
- Confirms knowledge
- Bank of questions

Process Admin > Assessments

# Questionnaires

- List of question items used to collect information from user, no right or wrong answer.
- Question types available for use in TDS:
  - Controlled
    - Single Selection
    - Multiple Selection
    - Yes/No (with explanation for response)
    - Date
    - Rating
    - Data Lookups
  - Free-Form
    - Short Description
    - Field
    - Essay

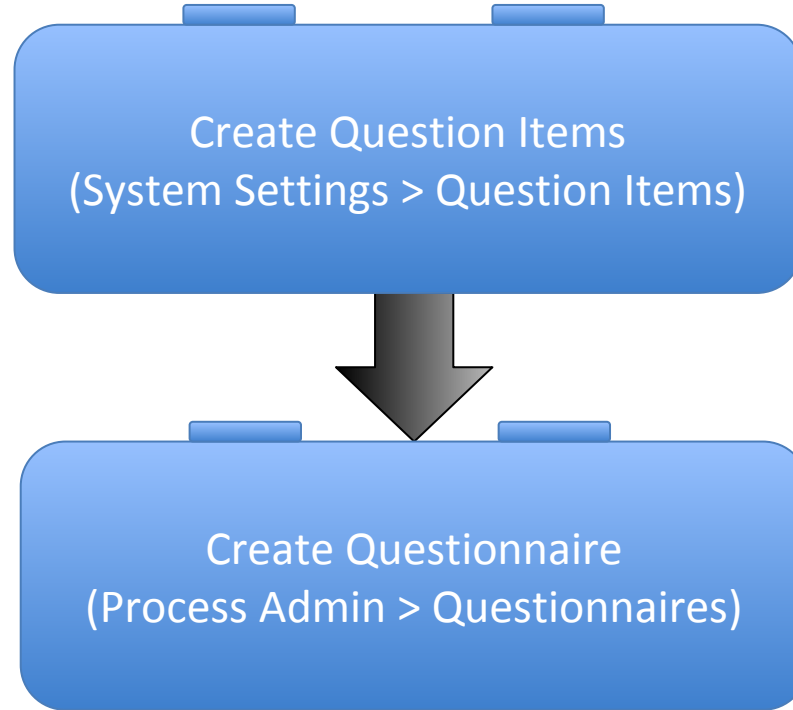

# Special Questionnaires

- Recommendations
  - Answered by Academic Advisor, Registrar, etc. Not the student/scholar.
  - Pre-decision phase
- Internal
  - Only admins can see and respond to question items
  - All questionnaires (including ones generated by the automapping script) can be configured as internal
- Testimonials
  - Configured to appear on program brochure page and be anonymous
  - Returnee phase

# Questionnaire Building

# Materials

- Signature Document
  - Electronic Signature, must be 18 years or older
- Material Submission
  - Physical submission of a document or action that has to be completed
  - Marked as complete by admin

Process Admin > Materials

# Advanced Functionality

- HTML code to link to documents or URLs in instructions panel
- Javascript
  - <http://sweitzephrenia.com/>
    - Not standard functionality
    - Is not covered by the standard Terra Dotta SLA (service level agreement)
    - Simplify file uploads
