Where in the World are your Travelers?
Programs Locations and Itineraries

January 2015

Risk Summit

Chelsey Harwood

Traditional Approach

- Provide a location and date record for the program inside the program builder.

- The system would use this date and location to search for applicants abroad.

Traditional Approach

Program Locations

Men's Basketball Team Registration
Outgoing Program
Los Angeles, United States

Program Dates

New Approach in TDS 14

- Program Itineraries
- Application Itineraries

TERRADOTTA

What is a Program Itinerary

- Program itinerary records require a location to be assigned, and they are created to be specific to a registration cycle (term and year).

- When a registrant applies to the program they inherit the program itinerary record.

What is a Registration Itinerary?

- Registration itinerary records do not require a location, and they are created to be specific to a registration.

What do the registrants see?

- The registrant will see any registration itinerary records assigned to her/his registrations both on the registrant home page as well as on the registration pages in a panel called 'Itinerary'.
